

## **Speaker: Abbas Sumar, Developer Relations Manager, MediaTek Labs**

With over 20 years of experience from the mobile telecom and consumer industries, and multiple international assignments, Abbas has great insights and experience in the mobile devices and application eco system. He has worked closely with global and regional developers to stimulate content and applications business for device manufacturers.

In his current role as Developer Relations Manager at MediaTek Labs Europe, Abbas supports the community of makers, developers and startups in the IoT and Wearables domain using MediaTek solutions and help bring their ideas to the market.
